From: League of Women Voters of Corvallis, Laura Lahm Evenson, President

Re: Benton County Climate Change RESOLUTION #R2017-025

The League of Women Voters of the United States (LWVUS) supports **stabilizing global warming by bringing CO2 levels down to no more than 350 ppm by 2100 and LWVUS supports the United States ratification of the UN COP 21 Paris Agreement.**

Aligned with this position, the League of Women Voters of Corvallis supports the Benton County Climate Resolution with the following edits

We recommend that you insert the word *reduction* before the word *goal* in numbers 4 and 5. So it reads *greenhouse emissions reduction goal*.

This resolution recognizes that our changing climate will affect the most vulnerable among us, making this local action critical.

Thank you for your leadership on climate policy,
